REPORTING AND DOCUMENTATION
LOCALLY ASSESSED PERSONAL PROPERTY

Beginning January 1, 2013, the Oklahoma Constitution, Section 6A of Article 10, exempts intangible personal property from ad valorem tax. The taxpayer must identify any intangible personal property which the taxpayer claims has been valued and assessed. If the intangible personal property has not been valued and assessed by the county assessor there is not a valid claim for exemption. Documentation must be submitted with this form establishing the existence, value and prior assessment of any intangible personal property claimed to be exempt.

Return to County Assessor by March 15.

Who must file:

All business concerns, corporations, partnerships or individuals are required by Oklahoma law to file each year a statement of taxable assets as of January 1, that are located in this county and are not specifically exempt from ad valorem taxation by payment of gross production tax. The rendition must be signed by an owner, partner, or officer of the business concern or a designated agent.

What is included:

Taxable assets rendered on this form should only include those assets that are not exempt by payment of gross production tax. The Tax Commission has published rule 710-10-8 concerning property eligible for exemption from ad valorem taxation pursuant to the provisions in paragraphs (R) and (S) of Section 1001 of Title 68. Both the rule and statutory reference can be found on the OTC website: www.tax.ok.gov. They may also be obtained from the Ad Valorem Tax Division.

Penalties:

Failure to file by March 15 will subject the taxpayer to a mandatory penalty of ten (10) percent, or a twenty (20) percent penalty if not filed by April 15th (68 O.S. Section 2836 (C)). Any omitted property pursuant to 68 O.S. Sections 2843 and 2844 shall also be subject to penalty and interest from the time of discovery not to exceed fifteen (15) years on real property and three (3) years on personal property.

Taxpayers Filing Form 901-P:

Attach a complete detailed listing of all taxable assets grouped by description, year acquired and total acquisition cost. Use OTC Schedule 904-3-P for individual assets located in specific school districts. The form is available on the OTC website: www.tax.ok.gov, from the county assessor or the Ad Valorem Division.

North American Industry Classification System (N.A.I.C.S.)

This is the six digit Federal Business Activity Code. If unknown, this code may be obtained from the federal publication of the same name, the Ad Valorem Division, U.S. Department of Census website: www.census.gov/epcd/www/naicstab.htm or search keyword NAICS.

Total Acquisition Cost:

Report the total new or used cost at time of acquisition. This will include all direct and indirect costs associated with the asset. Components used to estimate total acquisition cost may include but not be limited to repair or reconditioning of an asset to place the asset in working condition.

Year Acquired:

Acquisition or purchase date, new or used. Depreciation cannot be correctly calculated without the acquisition date.

Leasehold Improvements:

Report total cost and a detailed description of improvements to property owned by others. Do not report building expansions or repairs that are otherwise included in the real estate value of the building. Report only those improvements that are "tenant" specific. This may include interior modifications such as partitions, lighting, electrical, suspended ceilings, etc.

Furniture and Fixtures:

Office desks, chairs, credenzas, file cabinets, tables, booths, modular cubicles, book cases, racks and other such items.

Office Equipment:

Calculators, copiers, blueprint machines, plotters, fax machines, shredders, postage machines, telephone equipment, lunch room or kitchen appliances and other such items.

Computer Equipment:

Items included: computer hardware, monitors, drives, and other such hardware components. Custom software is exempt as an intangible.

Processing Plants:

Any refinery, gas extraction, purification or other such processing facilities, including all equipment used in the processing of oil, natural gas, carbon dioxide or other liquid hydrocarbons which are not otherwise specifically exempt from ad valorem taxation by payment of gross production tax.

Tools, Machinery and Equipment:

Fuel in storage, gas in storage, tanks, pumps, signs, miscellaneous tools, power equipment, fork lifts, mobile yard cranes, tractors, non-tagged vehicles or trailers, drilling rig equipment and other such items which are not otherwise specifically exempt from ad valorem taxation by payment of gross production tax. Do not list current licensed and tagged vehicles.

Meters...

Meters, regulators or devices and all related items used to measure oil, natural gas, carbon dioxide, or liquid hydrocarbons which are not otherwise specifically exempt from ad valorem taxation by payment of gross production tax.

Pipeline:

List the size and length of pipe in the gathering or transmission of oil, natural gas, carbon dioxide, liquid hydrocarbons or other such products. This will include steel, PVC, polyethylene, including any pipe, wrappings, coatings, protection devices, and other costs directly or indirectly related to the asset, which are not otherwise specifically exempt from ad valorem taxation by payment of gross production tax.

Boosters/Compressor Stations:

Compressor stations including tanks, pipe, valves, measuring or regulatory devices or other related equipment not used for production purposes at the well site and not specifically exempt from ad valorem taxation by payment of gross production tax.

Valve Stations

Valves or groups of valves used in the collection, distribution, gathering or transmission of oil, natural gas, carbon dioxide, or any other liquid hydrocarbons. Include launchers, receivers, meters, tanks, pipe and other related equipment which are not specifically exempt from ad valorem taxation by payment of gross production tax.

Leased from Others:

Leased assets which are leased to others and are not specifically used in the production process and are not exempt from ad valorem tax by payment of gross production tax. List lessee, address, asset type, description, total acquisition cost and age at acquisition. Additional pages may be attached to this form or OTC Form 904-3-P if necessary.

Inventories:

Add the total monthly inventories. Divide the sum by the number of months in business for the year to determine the average inventory. Inventories held for others or consigned must be reported separately. Inventory which may be exempt must be claimed on the Freeport Exemption Form OTC 901-F which should be filed with the OTC Form 901-P.

If the Business is Sold, Closed or Name Changed:

To avoid possible incorrect or duplicate assessment, taxpayers should provide information as follows:

- * Business Sold: Date of sale, name and address of new owner.
 - * Business Closed: Date of closing and date that all personal property was disposed. Report the location and total value of any remaining personal property still owned on the assessment date of January 1. This will also include any assets in storage.
 - * Business Name Change: Date of name change and new name.
- Any detailed information that could clarify any of the above events should be included.

School District:

For distribution of values to the appropriate school districts, use the OTC 904-3-P when reporting individual assets located in different school districts. The OTC Form 901-P is the total asset reporting form for the business entity.

Maps:

Enclose a detailed map noting the location of all taxable assets. This is especially important in the case of various taxable pipeline systems for correct assessment.

Intangible Business Personal Property...

If any intangible property is imbedded in the reported assets the intangible property must be identified and valued to the county assessor with an impairment study or other such professionally prepared justification. Supplemental Form 901-IP must be used for any submission.
